

PIPE KIT

PLEASE READ THESE INSTRUCTIONS CAREFULLY!

EXAMINE CONTENTS CAREFULLY FOR ALL PARTS BEFORE ASSEMBLY

Pipe Kit is designed to be carried in JOHNNY EXPRESS™.M. Trailer. Pipes are held down onto trailer with 2 lengths of chain, using a length of spring on each chain as an automatic take-up connector. Thread open loop on ends of spring through chain links until proper tension is obtained to keep pipes in place. Clip warning flag to pipe, using special spring fastener (flag clip).
